About Life\$kills

Life\$kills engages students in a hands-on learning environment at our Young AmeriTowne of Kansas site in Lenora, KS, and helps them prepare to be financially-fit for their future. Students are assigned a “role” with a monthly salary and given a budget sheet. Students use this budget sheet to evaluate income vs. expenses, and needs vs. wants as they pay for daycare, groceries, student loans, and utilities. Later when they spin the “Life Happen\$” wheel, they may spend more to replace a tire or cover an unexpected medical bill. We also give a presentation on community readiness, resume writing, and interviewing skills.

FEES:

FREE

per student
